Processing timelines quoted in this document are estimates based on standard workload and do not constitute a contractual commitment. Where a statutory deadline applies, that deadline governs and takes precedence over any interval described here.

Nothing in this correspondence should be read as an admission of liability, a waiver of any right or defence, or a determination of coverage. All rights are expressly reserved pending completion of the review described in the preceding sections.

Tab 3 — identity verification record

Identity was verified in person at the office. The client produced a passport, number 874597473, which was photocopied and placed on the file. The date of birth given as 1942-07-07 is consistent with the document presented.

Verification was carried out by Marlene Okonjo, Claims Adjuster, who confirms that the original document was seen and that the copy on file is a true likeness.

Tab 4 — medical report (extract)

Patient presented ambulatory and in no acute distress. Vital signs were within normal limits at triage. Orientation to person, place and time was intact throughout the encounter and no acute neurological deficit was observed.

So far as is material to the claim, the report records vitamin D deficiency, under review; commenced on a new regimen. The examining clinician expresses no opinion on causation beyond the observations set out in the body of the report.

The remainder of the report deals with matters not in issue and has been omitted from this extract. A complete copy is available for inspection on reasonable notice.
