

Riverbend Health — Consolidated Patient Record

Record assembled ENC-2023-890939 · medical record number MRN3514804 · printed for internal review

This record consolidates the registration data, encounter notes, results and billing entries held for the patient named below. It supersedes any partial extract previously circulated.

1. Registration

Patient of record: **Alexis Jenkins**, date of birth 1941-09-30. The patient resides at 408 Drake Fall Apt. 182, East Christine, KS 46958 and confirmed at check-in that this address remains current for correspondence and for the mailing of after-visit summaries.

The patient is best reached on +1-890-325-0392 during business hours and has opted in to portal messaging, delivered to alexis.jenkins86@gmail.com. Interpreter services were not required.

Registration verified against photo identification presented at the desk. No discrepancy noted between the presented document and the record.

For coordination of benefits the registrar recorded that the social security number on file is 353-26-0334; this was read back and confirmed. The patient declined to supply a secondary insurer at this time.

Where a discrepancy exists between the summary tables and the underlying records, the underlying records govern. Summary figures are provided for convenience only and are regenerated whenever the source data changes.

Nothing in this correspondence should be read as an admission of liability, a waiver of any right or defence, or a determination of coverage. All rights are expressly reserved pending completion of the review described in the preceding sections.

Where a discrepancy exists between the summary tables and the underlying records, the underlying records govern. Summary figures are provided for convenience only and are regenerated whenever the source data changes.

Questions about the content of this file should be directed to the case owner identified on the cover page. Requests for copies must be made in writing and may be subject to a reasonable reproduction fee. Allow ten business days.

2. Encounter narrative

Reviewed the current medication list with the patient, who reported good adherence and no new adverse effects. No changes were made to the regimen at this visit. Repeat metabolic panel ordered for the next scheduled review.

Patient presented ambulatory and in no acute distress. Vital signs were within normal limits at triage. Orientation to person, place and time was intact throughout the encounter and no acute neurological deficit was observed.

Clinical impression at the close of the encounter was osteoarthritis of the left knee, managed conservatively; physiotherapy arranged. The plan was discussed with the patient, who agreed to the proposed follow-up interval and was given written instructions to take home.

Nursing observations were recorded by Callum Fitzgerald, Paralegal, who noted no concerns at discharge. Physiotherapy input was provided by Errol Vance and is filed under the same encounter reference.

Staff contact for queries on this encounter: c.fitzgerald@harrowlegal.example, direct line (617) 555-0179. Do not share staff direct lines with patients.
