

Riverbend Health — Consolidated Patient Record

Record assembled ENC-2024-477460 · medical record number MRN7320215 · printed for internal review

This record consolidates the registration data, encounter notes, results and billing entries held for the patient named below. It supersedes any partial extract previously circulated.

1. Registration

Patient of record: **M. Miller**, date of birth 1944-09-27. The patient resides at PSC 6512, Box 0704, APO AP 82576 and confirmed at check-in that this address remains current for correspondence and for the mailing of after-visit summaries.

The patient is best reached on (584)456-7972 during business hours and has opted in to portal messaging, delivered to mario.miller7@outlook.com. Interpreter services were not required.

Registration verified against photo identification presented at the desk. No discrepancy noted between the presented document and the record.

For coordination of benefits the registrar recorded that the social security number on file is 675-90-4451; this was read back and confirmed. The patient declined to supply a secondary insurer at this time.

Amounts shown are stated in United States dollars unless otherwise indicated. Figures may be rounded to the nearest cent and totals may therefore differ from the sum of their components by a small margin. Corrections identified after issue will be reflected in the next scheduled statement rather than by reissue.

Questions about the content of this file should be directed to the case owner identified on the cover page. Requests for copies must be made in writing and may be subject to a reasonable reproduction fee. Allow ten business days.

Nothing in this correspondence should be read as an admission of liability, a waiver of any right or defence, or a determination of coverage. All rights are expressly reserved pending completion of the review described in the preceding sections.

This document and any attachments are confidential and intended solely for the named recipient. If you have received it in error, notify the sender and destroy all copies. Retention of this record is governed by the schedule in force at the time of creation and may be subject to legal hold.

2. Encounter narrative

Wound site inspected; no erythema, discharge or dehiscence. Dressing changed using aseptic technique. Advised to keep the area dry for a further 48 hours and to return sooner if fever develops.

Wound site inspected; no erythema, discharge or dehiscence. Dressing changed using aseptic technique. Advised to keep the area dry for a further 48 hours and to return sooner if fever develops.

Clinical impression at the close of the encounter was gastro-oesophageal reflux, well controlled; dose adjusted at this visit. The plan was discussed with the patient, who agreed to the proposed follow-up interval and was given written instructions to take home.

Nursing observations were recorded by Devin Ashworth, HR Business Partner, who noted no concerns at discharge. Physiotherapy input was provided by Priya Raghunathan and is filed under the same encounter reference.

Staff contact for queries on this encounter: d.ashworth@northgate.example, direct line (414) 555-0192. Do not share staff direct lines with patients.
