

Northgate Industries — Personnel File (Consolidated Extract)

Reference EMP-2026-879373 · extract prepared for internal audit · contains restricted personal data

This extract consolidates the personnel file for Theresa Haart, appointed to the role of Hospital pharmacist. It is produced for audit purposes and should be destroyed once the audit is signed off.

Nothing in this correspondence should be read as an admission of liability, a waiver of any right or defence, or a determination of coverage. All rights are expressly reserved pending completion of the review described in the preceding sections.

This document and any attachments are confidential and intended solely for the named recipient. If you have received it in error, notify the sender and destroy all copies. Retention of this record is governed by the schedule in force at the time of creation and may be subject to legal hold.

Where a discrepancy exists between the summary tables and the underlying records, the underlying records govern. Summary figures are provided for convenience only and are regenerated whenever the source data changes.

Processing timelines quoted in this document are estimates based on standard workload and do not constitute a contractual commitment. Where a statutory deadline applies, that deadline governs and takes precedence over any interval described here.

Section A — appointment

Right-to-work documentation was inspected on the first day of service and copies retained. The social security number 788-35-9442 was recorded from the card presented and checked against the payroll submission before the first pay run.

The address recorded at appointment was 427 Christopher Fort Apt. 087, West Samanthaborough, AS 17604. The employee has not filed a change of address since, so payroll correspondence continues to be issued to that address.

Questions about the content of this file should be directed to the case owner identified on the cover page. Requests for copies must be made in writing and may be subject to a reasonable reproduction fee. Allow ten business days.

Amounts shown are stated in United States dollars unless otherwise indicated. Figures may be rounded to the nearest cent and totals may therefore differ from the sum of their components by a small margin. Corrections identified after issue will be reflected in the next scheduled statement rather than by reissue.

Section B — payroll and banking

Net pay is remitted by direct credit to account 2194673401. The mandate was verified with a penny test at setup and has not been amended. No garnishment order is in force against this employee.

Section C — systems access

A network account was provisioned as theresa.hart75 on the first day of service, with standard entitlements for the role. Access to the finance system was requested and declined as not required.

A password reset was performed by the service desk following a lockout. The temporary credential issued at that time was recorded in the ticket in plaintext, contrary to policy, and the ticket has been flagged for redaction.

Section D — benefits

Enrolment was completed during the standard window with assistance from Yolanda Bright, Account Servicing Lead. Dependant cover was declined. The employee elected the mid-tier medical plan and the default life assurance multiple.

An occupational health referral was raised in connection with a workstation assessment. The report notes post-operative recovery following cholecystectomy, newly diagnosed; no medication indicated at present and recommends no restriction on duties. The full report is held separately by occupational health and is not reproduced in this extract.
