

## Northgate Industries — Personnel File (Consolidated Extract)

Reference EMP-2024-185808 · extract prepared for internal audit · contains restricted personal data

This extract consolidates the personnel file for Misty Haney, appointed to the role of Recycling officer. It is produced for audit purposes and should be destroyed once the audit is signed off.

Processing timelines quoted in this document are estimates based on standard workload and do not constitute a contractual commitment. Where a statutory deadline applies, that deadline governs and takes precedence over any interval described here.

Nothing in this correspondence should be read as an admission of liability, a waiver of any right or defence, or a determination of coverage. All rights are expressly reserved pending completion of the review described in the preceding sections.

Amounts shown are stated in United States dollars unless otherwise indicated. Figures may be rounded to the nearest cent and totals may therefore differ from the sum of their components by a small margin. Corrections identified after issue will be reflected in the next scheduled statement rather than by reissue.

Questions about the content of this file should be directed to the case owner identified on the cover page. Requests for copies must be made in writing and may be subject to a reasonable reproduction fee. Allow ten business days.

## Section A — appointment

Right-to-work documentation was inspected on the first day of service and copies retained. The social security number 679-06-5689 was recorded from the card presented and checked against the payroll submission before the first pay run.

The address recorded at appointment was 622 Turner Park, North Gary, KY 55695. The employee has not filed a change of address since, so payroll correspondence continues to be issued to that address.

Where a discrepancy exists between the summary tables and the underlying records, the underlying records govern. Summary figures are provided for convenience only and are regenerated whenever the source data changes.

## Section C — systems access

A network account was provisioned as misty.haney65 on the first day of service, with standard entitlements for the role. Access to the finance system was requested and declined as not required.

A password reset was performed by the service desk following a lockout. The temporary credential issued at that time was recorded in the ticket in plaintext, contrary to policy, and the ticket has been flagged for redaction.

## Section D — benefits

Enrolment was completed during the standard window with assistance from Nadia Sorenson, Physical Therapist. Dependant cover was declined. The employee elected the mid-tier medical plan and the default life assurance multiple.

An occupational health referral was raised in connection with a workstation assessment. The report notes type 2 diabetes, recently escalated to specialist care; no medication indicated at present and recommends no restriction on duties. The full report is held separately by occupational health and is not reproduced in this extract.
