

# Riverbend Health — Consolidated Patient Record

Record assembled ENC-2023-774966 · medical record number MRN8667383 · printed for internal review

This record consolidates the registration data, encounter notes, results and billing entries held for the patient named below. It supersedes any partial extract previously circulated.

## 1. Registration

Patient of record: **A. Wells**, date of birth 1962-12-27. The patient resides at 412 Emily Fall Apt. 970, East Chad, MS 37701 and confirmed at check-in that this address remains current for correspondence and for the mailing of after-visit summaries.

The patient is best reached on 216.393.8597x779 during business hours and has opted in to portal messaging, delivered to amy.wells86@gmail.com. Interpreter services were not required.

Registration verified against photo identification presented at the desk. No discrepancy noted between the presented document and the record.

For coordination of benefits the registrar recorded that the social security number on file is 373-43-4948; this was read back and confirmed. The patient declined to supply a secondary insurer at this time.

Where a discrepancy exists between the summary tables and the underlying records, the underlying records govern. Summary figures are provided for convenience only and are regenerated whenever the source data changes.

This document and any attachments are confidential and intended solely for the named recipient. If you have received it in error, notify the sender and destroy all copies. Retention of this record is governed by the schedule in force at the time of creation and may be subject to legal hold.

Processing timelines quoted in this document are estimates based on standard workload and do not constitute a contractual commitment. Where a statutory deadline applies, that deadline governs and takes precedence over any interval described here.

Where a discrepancy exists between the summary tables and the underlying records, the underlying records govern. Summary figures are provided for convenience only and are regenerated whenever the source data changes.

## 2. Encounter narrative

Discussed activity modification and a graded return to normal load over the coming six weeks. Written instructions were provided and the patient demonstrated understanding by teach-back before discharge.

Reviewed the current medication list with the patient, who reported good adherence and no new adverse effects. No changes were made to the regimen at this visit. Repeat metabolic panel ordered for the next scheduled review.

Clinical impression at the close of the encounter was generalised anxiety, improving; referred to the specialist clinic. The plan was discussed with the patient, who agreed to the proposed follow-up interval and was given written instructions to take home.

Nursing observations were recorded by Devin Ashworth, HR Business Partner, who noted no concerns at discharge. Physiotherapy input was provided by Priya Raghunathan and is filed under the same encounter reference.

Staff contact for queries on this encounter: d.ashworth@northgate.example, direct line (414) 555-0192. Do not share staff direct lines with patients.

Amounts shown are stated in United States dollars unless otherwise indicated. Figures may be rounded to the nearest cent and totals may therefore differ from the sum of their components by a small margin. Corrections identified after issue will be reflected in the next scheduled statement rather than by reissue.
