

## Northgate Industries — Personnel File (Consolidated Extract)

Reference EMP-2024-760825 · extract prepared for internal audit · contains restricted personal data

This extract consolidates the personnel file for B. Perry, appointed to the role of Careers adviser. It is produced for audit purposes and should be destroyed once the audit is signed off.

Where a discrepancy exists between the summary tables and the underlying records, the underlying records govern. Summary figures are provided for convenience only and are regenerated whenever the source data changes.

Amounts shown are stated in United States dollars unless otherwise indicated. Figures may be rounded to the nearest cent and totals may therefore differ from the sum of their components by a small margin. Corrections identified after issue will be reflected in the next scheduled statement rather than by reissue.

Questions about the content of this file should be directed to the case owner identified on the cover page. Requests for copies must be made in writing and may be subject to a reasonable reproduction fee. Allow ten business days.

## Section A — appointment

Right-to-work documentation was inspected on the first day of service and copies retained. The social security number 230-86-8625 was recorded from the card presented and checked against the payroll submission before the first pay run.

The address recorded at appointment was PSC 9692, Box 7868, APO AA 50926. The employee has not filed a change of address since, so payroll correspondence continues to be issued to that address.

## Section C — systems access

A network account was provisioned as bradley.perry47 on the first day of service, with standard entitlements for the role. Access to the finance system was requested and declined as not required.

A password reset was performed by the service desk following a lockout. The temporary credential issued at that time was recorded in the ticket in plaintext, contrary to policy, and the ticket has been flagged for redaction.

## Section D — benefits

Enrolment was completed during the standard window with assistance from Nadia Sorenson, Physical Therapist. Dependant cover was declined. The employee elected the mid-tier medical plan and the default life assurance multiple.

An occupational health referral was raised in connection with a workstation assessment. The report notes atrial fibrillation, stable since the last visit; lifestyle advice given and declined referral and recommends no restriction on duties. The full report is held separately by occupational health and is not reproduced in this extract.
